Falcon Trading LLC: lender proof pack

October 2026 close | facility requested AED 165,000 | fictional company, demo only

Credit line request

Subject: Request for revolving working capital facility of AED 165,000
Dear [RM name],
I am writing on behalf of Falcon Trading LLC in Dubai to request a revolving working capital facility of AED 165,000 from [Bank name].
Our October 2026 net profit was AED 229,763, with cash of AED 316,223 at 31 October. Our 13-week forecast remains positive on a base case, but shows a downside low of AED -162,810 in week 6, driven by slower customer payments.
To address this timing gap, a cash release plan of AED 240,000 is already underway, covering overdue collections, sale of slow-moving stock, and early-pay supplier discounts. The facility is requested as a short-term backstop alongside these actions.
Please find attached our proof pack, in which every number links directly to its source document for your review.
I would welcome the chance to discuss terms at your convenience.
Yours sincerely,
Chief Financial Officer
Falcon Trading LLC
